MOSI Overview

The science center is owned by Hillsborough County and managed by the president and board of directors. MOSI Foundation, Inc. is a private, non-profit corporation which seeks to inspire the public through hands-on, minds-on experience involving science, technology and various industries. Sources of revenue include admissions, public and private contributions, membership, food and retail outlets, and special events. MOSI is open 365 days a year.

Hours: Open daily at 9 a.m.; closing hours seasonal
