MOSI Redefining Entertainment for Adults in Tampa Bay

TAMPA - MOSI is announcing its next steps in expanding adult programming with innovative events featuring novel hands-on science activities, and beer and wine samplings.

On June 23, from 6–8 P.M. the next Science After Dark event is an exploration of classic MOSI exhibits, with an Oculus Rift Beat Saber station, liquid nitrogen ice cream, light appetizers, libations and more.

Each Science After Dark features a unique theme as a counterpart to what families may experience during the day. Friday's event plays off of superheroes as a nod to the summer exhibit launched last week, S.T.E.A.M. Team Superhero Training Academy, presented by Florida Blue

“So far we have received positive reviews online,” says CEO John Graydon Smith, “Young-adults remember MOSI fondly and crave a new way to connect with that nostalgia. We also have parents looking forward to these events for date nights to help break up their week.”

The following Science After Dark is on Friday, Aug. 25. More events in the adult exclusive line-up include: “Uncorked Creativity,” MOSI's take on a paint and sip, scheduled for July 21; “Science of the Cuban Sandwich,” a celebration of culture and a friendly restaurant competition, scheduled for Sep. 16; and more to be announced on MOSI's social media and website calendar.

Tickets can be purchased on MOSI's official website: <https://mosi.org/scienceafterdark>. With limited availability, it is advisable to secure tickets in advance to guarantee entry. Members receive special discounts on all ticket prices.

MOSI is located at 4801 E. Fowler Ave. Tampa, Florida 33617.

For more information on this story or to secure exclusive photo-ops at future events, contact Alexis Yahre at 813-504-0635 or alexis.yahre@mosi.org.
