

WINTER BREAK CAMPS

2023-24

Program Fee - \$232 • MOSI Member Fee - \$174

Winter Break Camp Week 1 - December 26 - 29, 2023 (4-day camp)

Science Elves - Kindergarten - 1st Grade

Use science to create goodies and crafts that would even make Santa's elves jealous. Create deliciously scented candles and soaps, a climbing bear toy to scale any size door, and other knick-knacks and crafts that will be fun to create and even more fun to give to loved ones. This camp will be the gift that keeps on giving throughout the week!

Crafty Creators - 2nd - 4th Grade

Use the technology in MOSI's Fab Lab to create awesome designs and fabrications that you can take home! Create a t-shirt using Cricut, construct and print a 3-D object, and even laser-cut your own design using Glowforge. This camp takes Santa's Workshop into the 21st century and beyond!

Holiday Minecraft - 5th - 8th

Get into the holiday spirit by working together with your camp to create cooperative holiday-themed farming, automation, and stunning structures in this Minecraft camp. Work together with a teammate to create a Rockin' Redstone Roller Coaster, engineer a sturdy bridge made to look like "candy", or even make a fully automated Santa's Workshop complete with NPCs.

Winter Break Camp Week 2 - January 2 - 5, 2024 (4-day camp)

Holiday Hangover - Kindergarten - 1st Grade

Break your cabin fever with this camp that will keep you busy with fun science and hands-on activities. Create captivating crystals using laundry detergent. Give your brain a workout by designing a structure that will keep an egg from breaking should it fall from a high height. Make sure you don't lose your marbles by creating a marble roller coaster. You will definitely have a jolly good time at this creative thinking camp!

Merry Minecraft - 2nd - 4th Grade

If your idea of a Happy Holiday is one spent with Steve, Alex, and the whole Minecraft gang, then get ready to bedrock-and-roll with this camp. Make holiday-themed Minecraft Perler bead art, build your own Santa's Workshop at the North Pole, and of course get plenty of gameplay in while learning some tips and tricks to up your Minecraft prowess.

Game Lab - 5th - 8th Grade

This camp is the best of both worlds. Not only will you be able to game using Nintendo Switch, Xbox One and PS4, but you will get to learn how to program your own video game and take it with you. Learn about the histories of these amazing companies and how their creations have created millions of fans across the globe. Participate in exercises and games that keep professional gamers sharp. In this lab, the only thing that you will dissect are your opponent skills. Are you ready?
