Easy as Pi: MOSI Celebrates Pi Day with Science and Samples

Hands-on event transforms π from a number into an unforgettable experience!

TAMPA, FL (March 10, 2026) – MOSI, Tampa’s Museum of Science & Innovation, is serving up a celebration of the mathematical magic of **Pi Day on March 14** (that’s 3.14) with a unique event. Celebrate everyone’s favorite [irrational number](#) by taking a math-powered tour of the night sky, adding your own colors to a paint-by-numbers mural, and enjoying **complimentary pie!**

***** [DOWNLOAD IMAGES OF PI DAY HERE](#) *****

Included with admission, explore engaging activity stations and live demonstrations that highlight patterns, measurement, and problem-solving.

Take your turn adding to a collaborative **Paint-by-Numbers Mural** that will grow more impressive throughout the day. Just like lots of calculations depend on pi, MOSI is depending on you to make your mark on this group artistic effort.

Lean back and be amazed by a **star tour in the Saunders Planetarium**. This special tour of the night sky will uncover the ways math has opened up new tools to explore the universe.

Complete your Pi Day festivities with a **free sample of delicious pie**, thanks to sponsors [Publix Supermarket](#) and [Mike’s Pies](#), while supplies last. [Dave’s Hot Chicken](#) will also be serving up tasty samples.

For an additional charge, pick up a **Pi Booklet** packed with even more fun hands-on activities for curious minds. Complete the booklet to earn a special prize! Plus, you can redeem your booklet for extra treats.

Hungry for more? [Melt Machine](#) will have melty sandwiches, wraps, and more for sale during the event! With all this food, you’ll want to keep an eye on your own circumference.

About MOSI, Tampa's Museum of Science & Innovation

MOSI is Tampa Bay's center of science and innovation, located in North Tampa at 4801 E. Fowler Ave.

Welcome to the Museum of Science & Innovation, where the wonders of science come to life. We are a hands-on science center dedicated to interactive learning, inspiration, and discovery. As the home of engaging permanent and rotating exhibits, out-of-this-world programming, and the immersive Saunders Planetarium & Digital Dome Theatre—the second largest planetarium in the United States—MOSI makes science and technology accessible to all. Come join us on a journey of discovery and unlock the mysteries of the world around us. Learn more at [mosi.org](https://www.mosi.org).
